Dear Simpson Manor Residents, Families and Staff;

I would like to inform you of the news that Park Place Seniors' Living family of care homes has purchased Simpson Manor from Decker Management Ltd.

We have owned and operated Simpson since September 1981. Over the years, working with the Ministry of Health and Fraser Health we upgraded, expanded and in 2005-2008 rebuilt Simpson to the current state-of-the-art-facility we have today.

Over the past two years, several approaches have been made seeking to acquire Simpson Manor. After careful reflection and consideration we came to the conclusion that in order to continue providing the best care possible to our current and future Residents we would have to either; significantly expand operations to secure an economy of scale to obtain and retain the appropriate expertise; or sell to a larger organization already containing that expertise. Of those seeking to purchase Simpson, we carefully considered the well-being of our Residents, Staff and Management, and one that would continue with our objectives as stated in our mission statement.

That organization is the group of care homes commonly known as Park Place Seniors Living. We are confident that they will continue with and build on our philosophy of care.

On a personal note my wife Jean, who was the Administrator of Simpson (1981-1990) and I will miss not having Simpson as a part of our life into the future. Simpson has been a part of our life for a very long time and we are proud of our personal efforts to modernize the facility and with the assistance of a large team provide the best possible care to our Residents.

Jean and I thank the past and current Management, Nurses, Care Aids, Dietary, Housekeeping, Recreation and Maintenance staff, the numerous Volunteers, the Physicians and Pharmacists, the Unions, Contracted services, the Ministry of Health, and Fraser Health for their team effort in working with us to expand, modernize, achieve an accredited designation and provide and continue to provide a loving caring home for our Residents. All should be very proud of their achievements, I know Jean and I are.
